15th Sunday in Ordinary Time 11th July 2021

In today's gospel Jesus literally sends the disciples out for a walk! As his followers they have the job of showing that the mission and the message of Jesus is credible through listening, preaching and healing. Jesus even alerts the disciples to the reality of rejection. He cautions them not to overlook the possibility of Christ having something to teach them in the midst of the ordinary, everyday encounters. The gospel is about discipleship. Yet, a harsh discipline is what dominated our Church to the detriment of the invitation to follow as learner-disciples
